

Join the lifestyle revolution

Sparcs

Senior React Native Developer

Description

Looking for your next challenge? Join our young and disruptive startup during the most exciting phase and have a real impact shaping the market for health & fitness.

Sparcs is the most social health & fitness app, building on the power of social engagement to help everyone achieve a more active lifestyle. We are looking for an experienced and entrepreneurial Mobile Frontend Developer (React Native) to join our interdisciplinary team and co-create a truly unique app experience. Your primary responsibilities include (1) building smooth functions and UIs across both mobile platforms, (2) leveraging native APIs for deep integrations with both platforms, as well as (3) diagnosing and fixing bugs and performance bottlenecks for performance that feels native.

Ideally, you

- Care deeply about your craft, down to every last detail
- Participate in conceptualizing and implementing new features
- Stay up-to-date on the latest and greatest coding principles and trends — and can translate them into exceptional work
- Have 4+ years' professional experience as a Mobile Frontend Developer with React Native
- Are proficient using REST APIs, the document request model, and offline storage
- Enjoy working closely together in an agile team
- Bonus (but not necessary): Experience with UI/UX Design, Health & Fitness products, Social Networks

Our offer

- Competitive salary and the opportunity to participate in the company's success through our stock option plan
- A professionally nourishing and creative working atmosphere
- Modern office with everything you need to bring your best work to life
- Flexible working hours
- Visionary, experienced, and entrepreneurial team of nerds and crazies
- Teambuilding activities (did you ever play games in VR?)
- Unlimited coffee & fruits to fuel your creative energy

And, above all, the opportunity to build the #1 social network for a better and more active life.

Ready for the adventure? Reach out, we can't wait to meet you! 🙌
